

For immediate release

PBM (Pace Industrial, Black & McDonald) to provide Industrial Refrigeration solutions for the Ontario market

PACE Industrial Inc. and **Black & McDonald Limited** are pleased to announce a new joint venture company called “PBM”. The combination of these two great companies with their strengths and industry expertise will offer leading solutions for industrial refrigeration applications throughout Ontario. PBM will provide advisory and in-house engineering design build capabilities, construction, maintenance services, manufacturing and project management for industrial refrigeration, food and beverage, pharmaceutical and cold storage facilities. Further, PBM will become a major participant in the development of recreational ice arena projects in Ontario drawing from experience in over 500 new NHL and Olympic-size arena installations across North America.

Black & McDonald Limited is a privately held Canadian contracting company operating across Canada, the United States and in selected global markets. The company provides a full range of electrical, mechanical, utility, and maintenance services to commercial, industrial, institutional, and government markets.
